

**Greetings to One and All,**

**The first Release for Advaita Oneness Dub Net Label, features the seventh Solo production for SistaSara Project: “DubRiddims” 2012**

**As I like to remember, Autumn/Winter 2011-2012 has been one of the most creative times I had in years.**

**“FreedomStepper” was written recorded and produced between September and November 2011.**

**“DubRiddim” was written between December 2011 and February 2012.**

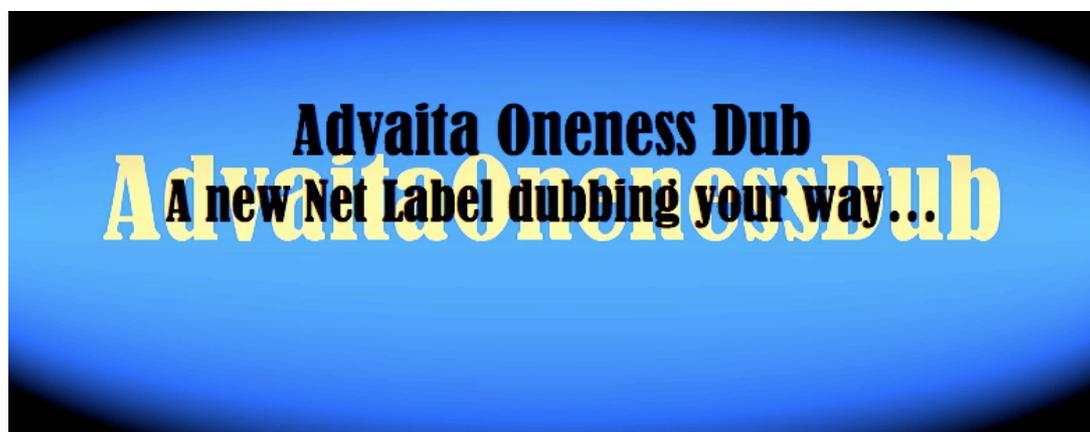

**This is completely different from all my precedent albums for a fundamental reason: it’s instrumental.**

**Yes, the first album without songs, it is official.**

**The idea behind it, as the title might suggest, is that: I want people to sing on it when they listen to it, I want people to jam...**

**The Release name came naturally when I felt these were not lyrics-driven tunes, while rather “Riddims”, Experimental Dub instrumental tracks open and free for interpretation, so...**

**“DubRiddims”.**

**Thanks for your download, thank you for listening and more than anything thanks for your support throughout the years.**
